

INTRODUCING **NEW** WATERJET CUTTING TECHNOLOGY

Our knowledge and experience in metal fabricating combined with the precision of the *Calypso Shark 612 Waterjet*, Reliable is now able to provide custom metal fabricating services at the highest level of technology and precision.

This machine was made to be a *production* workhorse. We have one of the very few waterjets in the market that has dual heads. This means we can cut 2 of the same part at once. In addition, it is also very *versatile*, allowing us to provide our clients with specialty and one-time jobs. Due to the innovative technology of the Waterjet, we are able to cut a wide range of materials from small delicate items to larger and rugged materials.

The technology surpasses others through its design, abilities, speed and power. It has made us more efficient, which ultimately is a cost savings to you - our client.

**Materials we can cut:**

- All Alloys (Stainless steel, Steel, Aluminum)
- Glass
- Wood
- Brass
- Carpet
- Copper
- Rubber
- Marble
- Corian
- Composites
- Granite
- Plastics
- Titanium
- Stone
- Nylon
- and many others

**What industries we supply for:**

- Store Fixtures/ Displays
- Metal Fabrication
- Marble/Granite/Stone
- Landscaping
- Signage
- Designers
- Architects
- Millwork
- Machine Shops

**70%  
FASTER  
Than Single Head  
Technology**

CUSTOM METAL MANUFACTURER

# RELIABLE FOOD SERVICE EQUIPMENT INC.

Reliable Food Service Equipment Inc. is a custom manufacturer of stainless steel food service equipment that has been operating since 1989. The products and services that Reliable offers to clients of The Restaurant Equipment Depot include in-house CAD design, custom manufactured stainless steel products that may extend beyond the food service industry, equipment service and installation.

Reliable's clients range from restaurant equipment dealers to local restaurants, bakeries and banquet halls to nursing homes. Reliable's dedicated staff prides itself with manufacturing quality products at a competitive price. Reliable manufactures such items as sinks, worktables, exhaust hoods, steamtables, dishtables, refrigerators and other custom-made products.
